

CLASSIC. MOUNTAIN. MODERN.

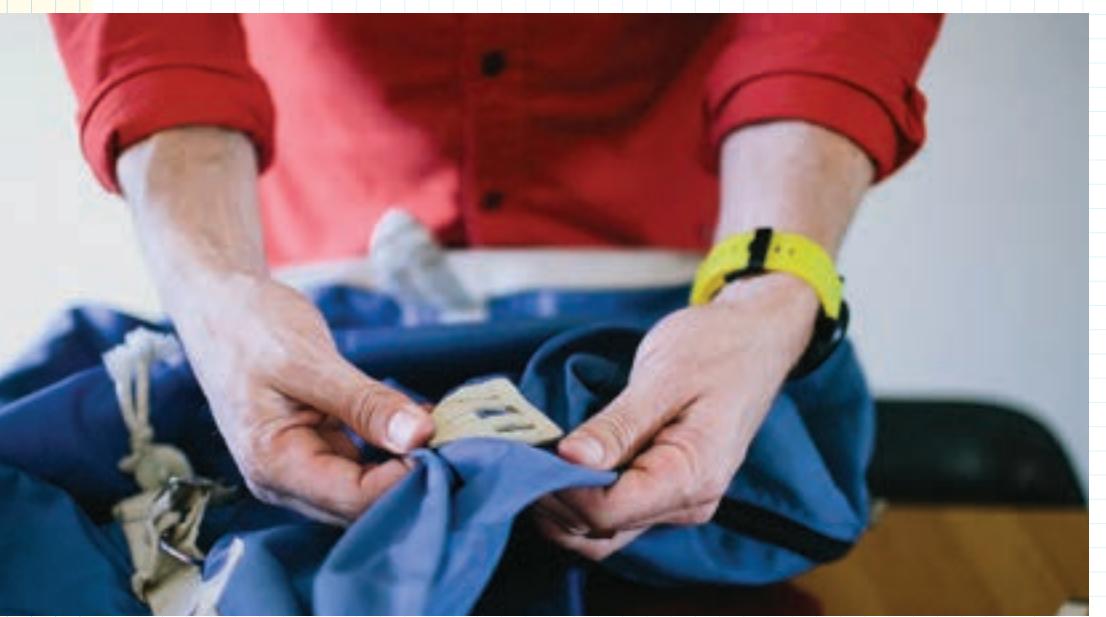

CLASSIC. MOUNTAIN. MODERN.

Here at Topo Designs, we strive for contradiction. We are rooted in mountain culture and outdoor living, but also love exploring cities and traveling the globe. We look to proven classics for inspiration, yet we take advantage of new technologies and innovations to ensure our products have a timeless look with modern functionality. Our products are uncomplicated and utilitarian, but also have an overarching sense of design and style through their simplicity. Our end goal is to not have to choose a single path—we want to live on both sides of the fence, where life is always greener.

TOPO
DESIGNS
COLORADO, USA

OUR ROOTS

Growing up in the west, we have always been interested in not only spending time outside, but also in the gear needed to get out. About 10 years ago, we found ourselves wishing there was a company offering a lineup a bit more like the gear we grew up using—classic styling, functionality, durability and a clear connection with the brand behind the product. So in 2008, we bought a sewing machine and began conceptualizing, designing, and sewing packs in our basement, while looking for resources and partners that we needed to build our designs. We were lucky enough to find local Colorado folks that were just getting started like us and were willing to build our companies together. We worked with them to produce Topo Designs' initial offering of products and continue to work with them to this day.

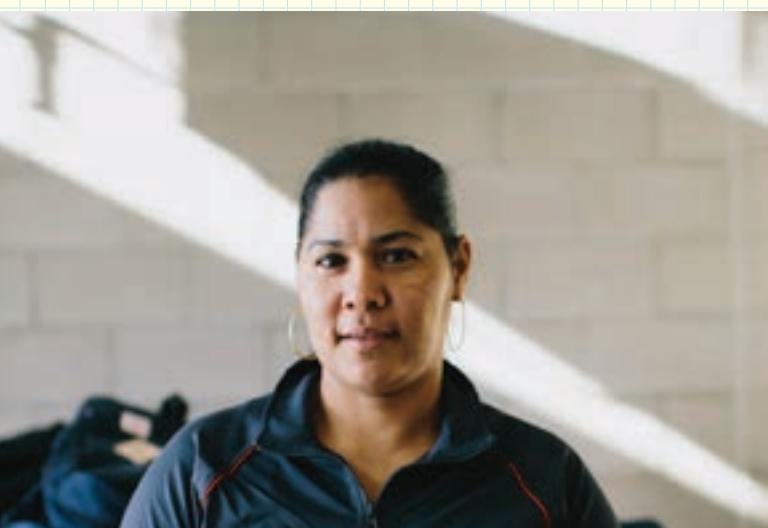

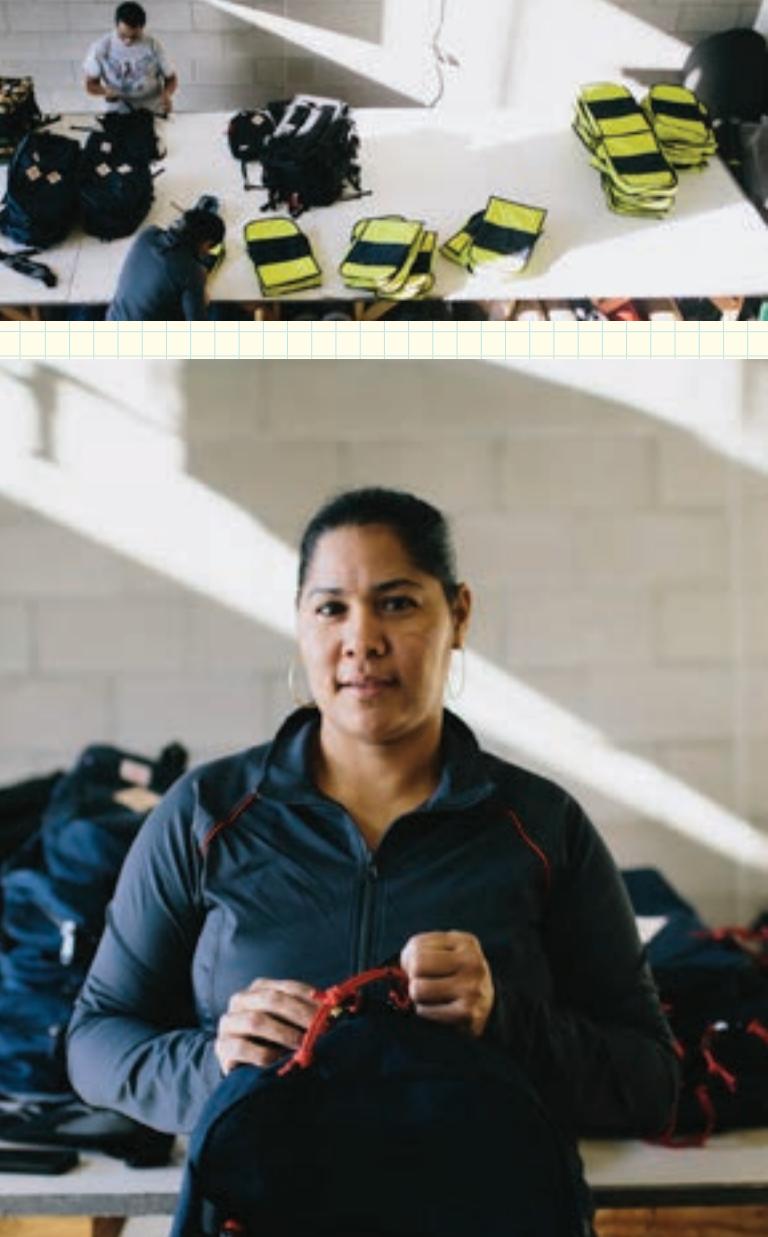

Today, we're still in the mode of making things that we want to use as individuals and connecting with our customers as a brand. We want to produce the most durable, versatile, beautiful products that can be used around town, out on the trail and traveling the globe. We know nothing is more frustrating than being let down by your own gear, so that motivates us to make things that last. Simple, classic, well-designed products that are inspired by who we are and where we live.

MANUFACTURING

We really like people who are good at what they do. “Talent” is often reserved for a set of people that perform in public or create great works of art. At Topo Designs, we tend to reserve that term for those magical few that have a gift for creating products that are not only bulletproof, but so skillfully crafted that they end up being hard working utilitarian masterpieces. We search long and hard for the people who possess that level of talent to partner with helping us build our line. Whether we are making classic packs in Colorado or technical shells in Vietnam, our partners are the most talented people on the globe, period.

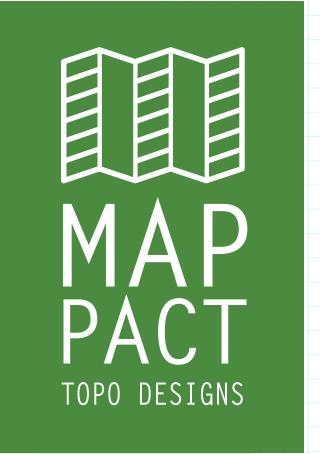

LIFETIME WARRANTY

Our main goal at Topo Designs is to build products that stand the test of time and work anywhere on the map. We want to build fewer things that can be combined in endless ways to work in any environment. Whether traveling the globe or headed to the backcountry, we want to make sure everything we make will go out and come back in one piece, year after year. We use the highest quality fabrics, hardware and materials, and overbuild everything we make. We stand behind it all with our lifetime warranty: We will repair or replace any Topo Designs product that may encounter an issue down the road.

REPAIRS

One of the best parts of building products that last is that they become a part of the people that own them. They become world travel companions, daily pack mules for their most prized possessions, and second skins to keep them protected from the elements. They not only build a relationship with their owners, but tend to be used so much they suffer from a bit of tough love. We get it, we have our favorites as well and instead of replacing them, we just want to get them nursed to health and back in action. Our repairs program is focused on creating a rehab center for those well-loved pieces so they can stay in the family and as a result, reduce the number of pieces that are unnecessarily discarded for something new.

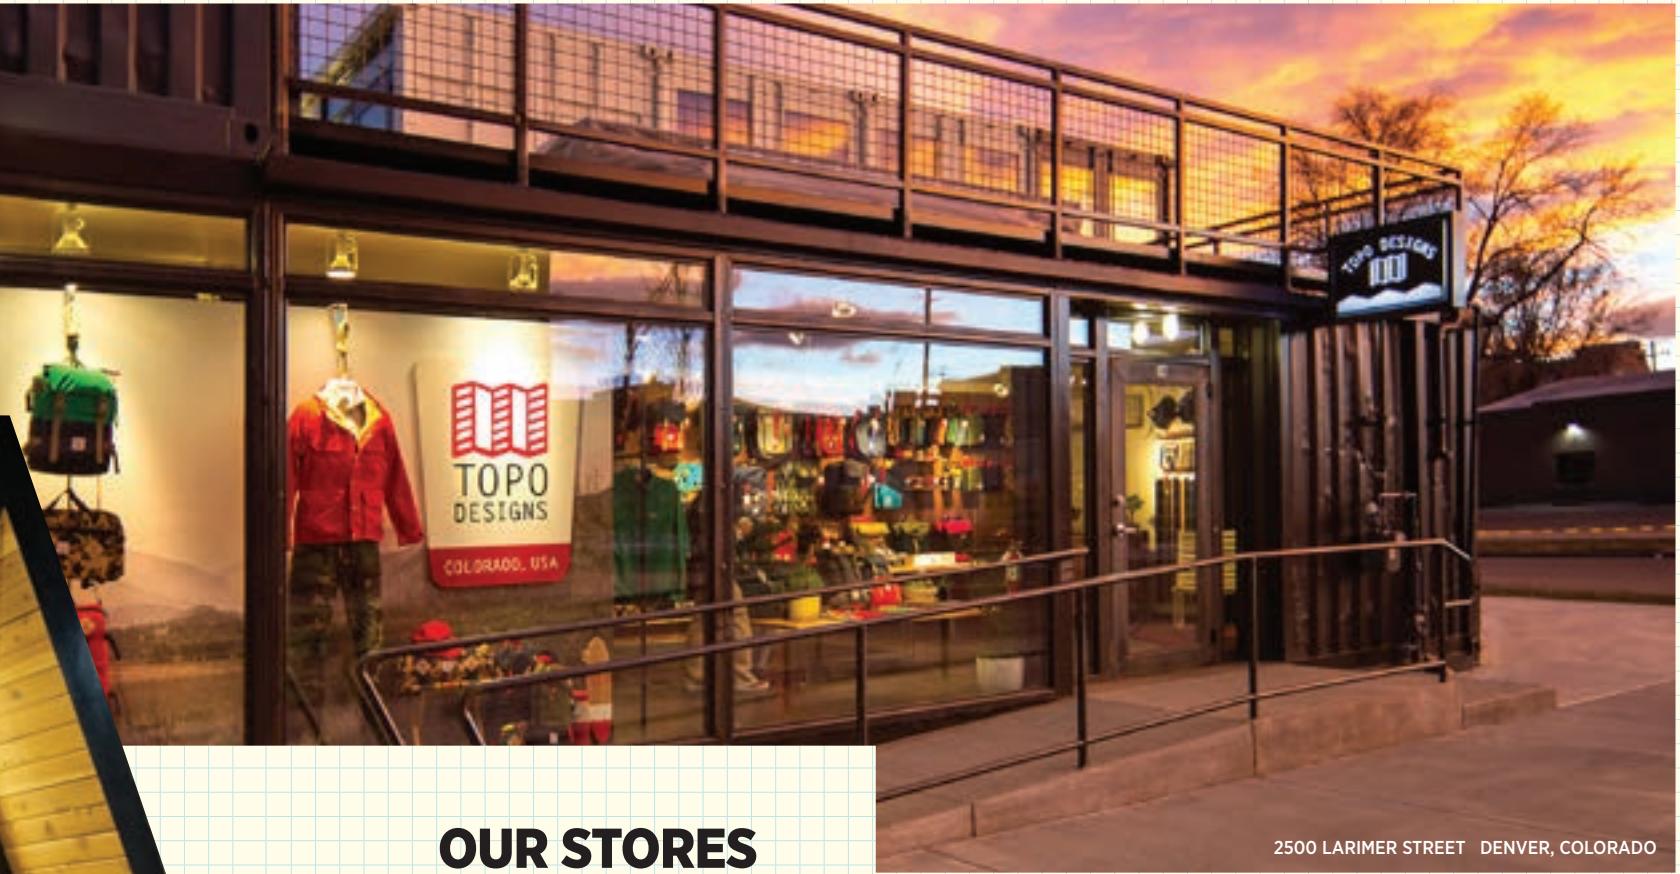

MAP PACT: MAINTAIN, ACT, PROTECT

© Ali Vagnini

The Topo Designs MAP Pact initiative is designed to ensure the simple concept to maintain, act, and protect our most valued places. The core starts with who we are as employees and individuals, and how we choose to maintain our environment. We act on decisions to be responsible in the materials we choose, the products we make, and the lifetime warranty we offer. We have developed a simple recipe to implement and share how to protect our most valued places. By allowing people to engage and improve their communities, natural places and spaces around where they live, they immediately see a real change, can easily recruit others and will be more likely to act in the future to protect the important places on their map.

OUR STORES

Our four retail locations offer a fully immersed customer experience for fans of Topo Designs, as well as serving as a mouthpiece for the brand and engagement with new audiences. Our first store opened up in the Denver art district within a repurposed shipping container development in 2013. Since then we have opened Fort Collins,

Boulder, and San Francisco locations all with cohesive yet unique in-store experiences. All of our stores are built to showcase our products and radiate the Topo Designs brand with unique store events, merging all things art, design, outdoors and building stronger ties within our respective communities.

COLLABORATIONS

We enjoy working with friends, both old and new. Our collaborative spirit has allowed us to reach undiscovered audiences, as well as speak to our core base with new offerings and unique stories to tell. We like to have both parties come to the table with something to offer, with the end result being a deeper and more fulfilling story about our relationship and why we're working together.

DESIGN

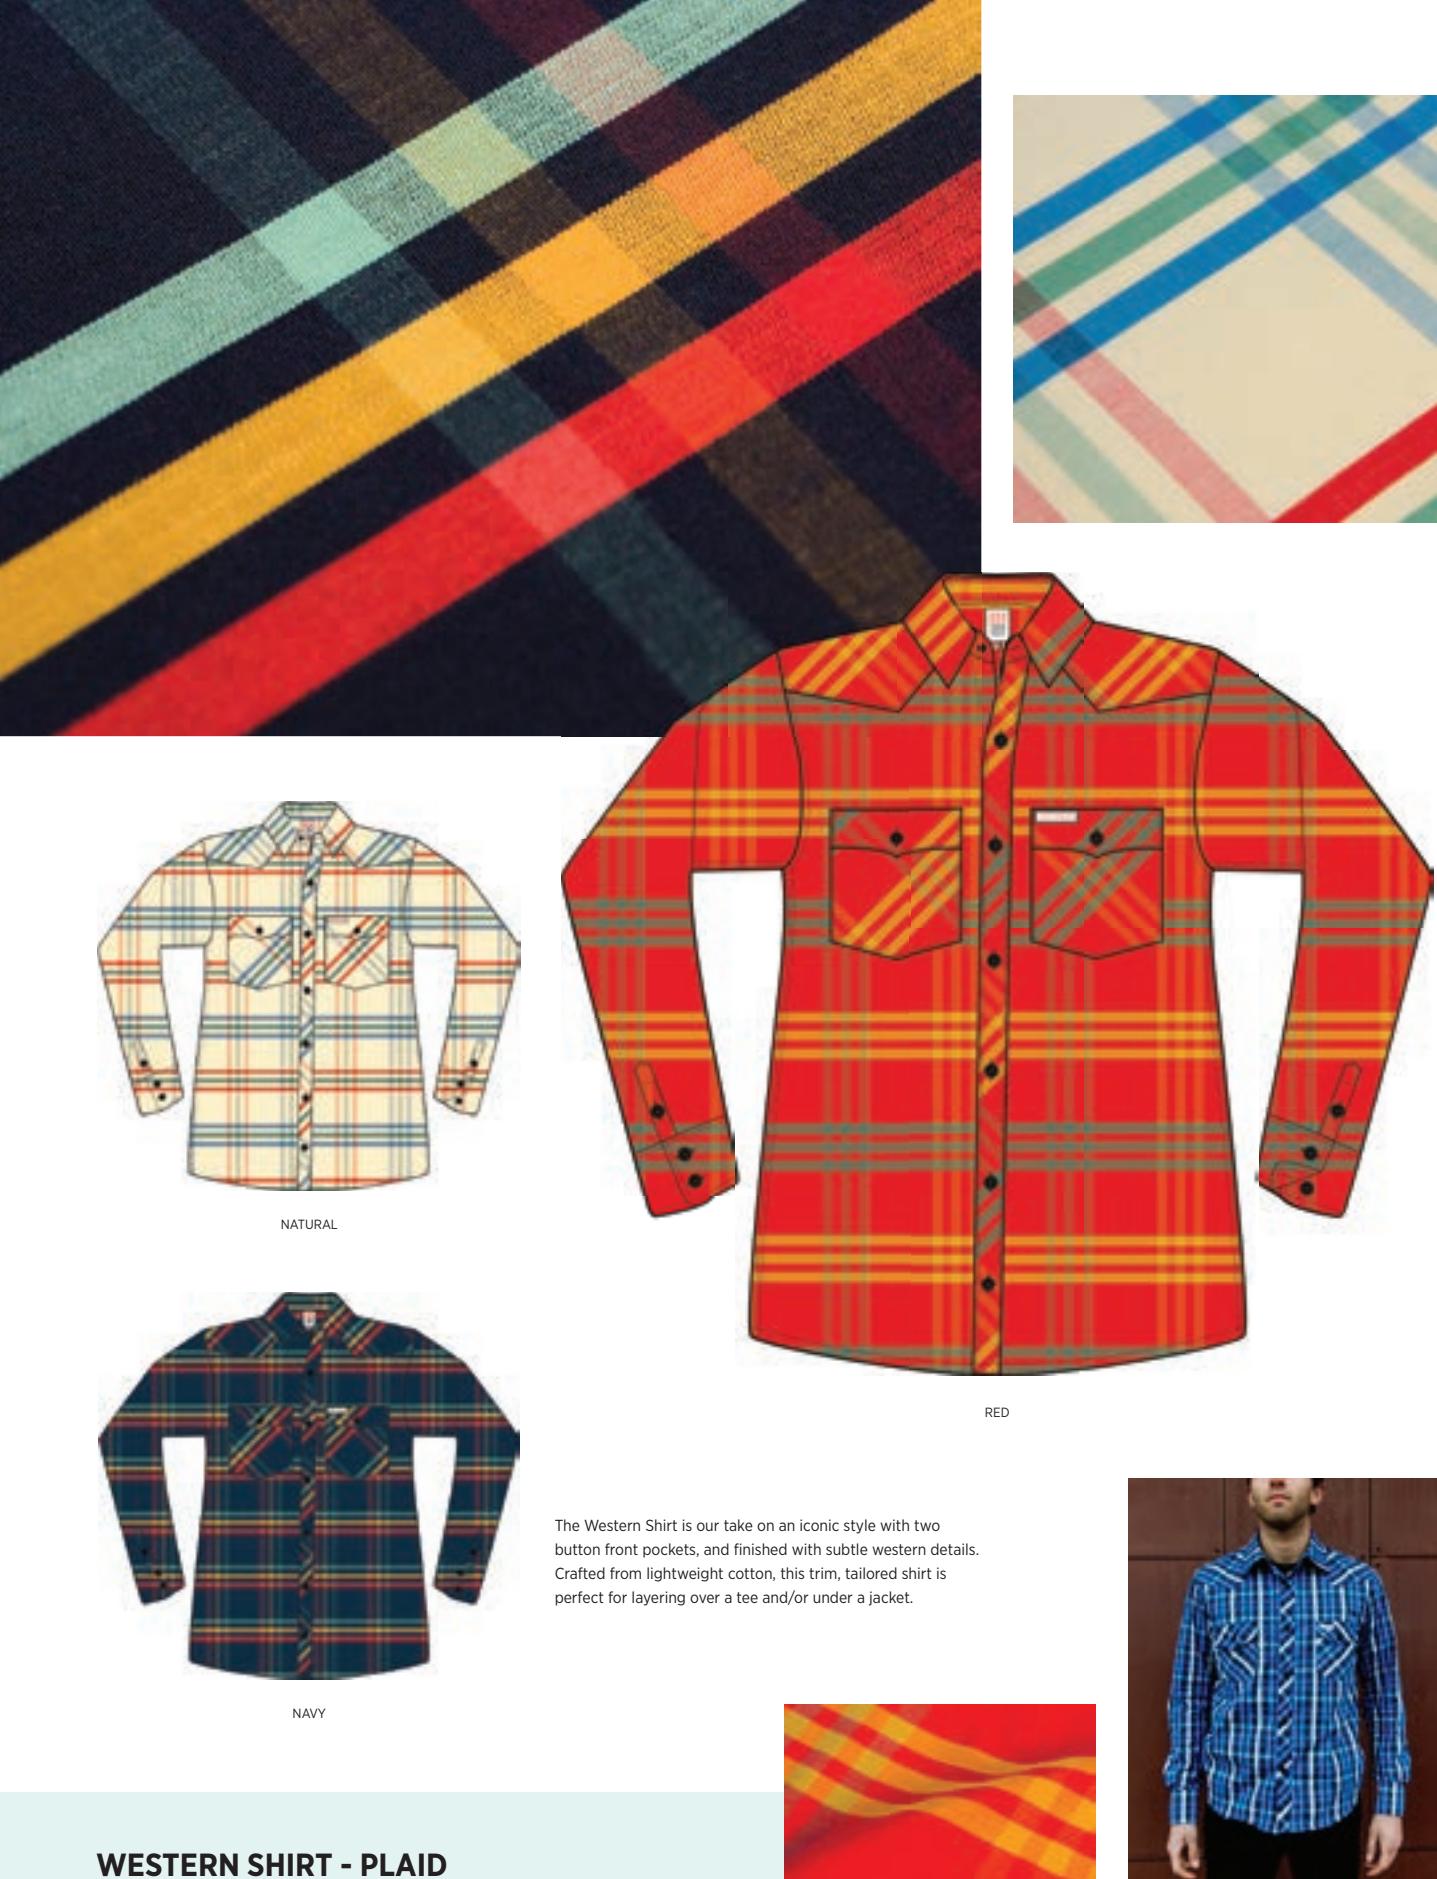

It's in our name for a reason. Everything we do—every snap, button, shank, rivet, zipper, paracord loop, double-layer, triple-stitch, cover stitch, lock stitch, pattern, fabric swatch, cinch cord, bartack, gusset, lining, pocket, cuff, collar, brim, buckle, sleeve, hem, yoke, pull tab, storm flap, thread color, lab dip, belt loop, vent, care label, pleat, dart, zip pull and lash tab is the result of (many) conscious design decisions. Our attention to detail and design is what makes our products durable, functional, versatile and able to fit into your everyday life with ease.

GLOBAL SHORTS

- Relaxed fit with 2-way stretch
- 7 inch inseam
- Lightweight and quick-drying
- Elastic waist with drawstring
- Mesh-lined side seam hand pockets
- Rear snap pocket with drain grommet

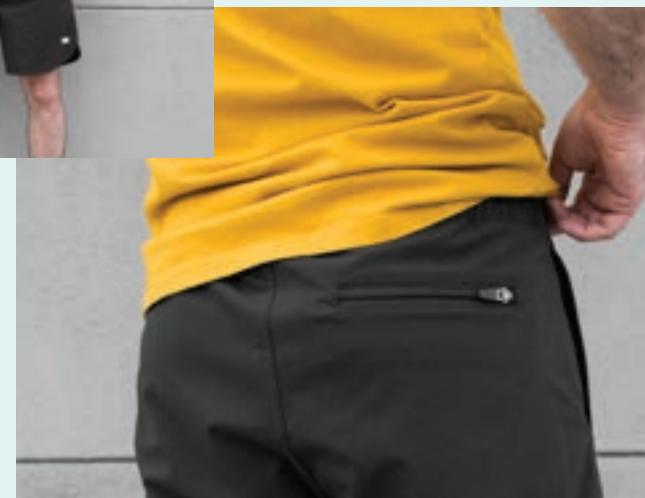

Our Global Shorts are the do anything, go anywhere shorts—made with quick-drying, lightweight fabric with the perfect amount of stretch. They're great for a jog through town or backcountry river crossings, and pack down when traveling. A drawstring elastic waist keeps the shorts fitting their best, whether you over-indulge at the café or trim down for the trail.

Made with American-made 12oz duck canvas.

Made with 2-way stretch nylon with a DWR finish.

The River Shorts ensure you look good in and out of the water with a fit that's as at home on the beach or running errands around town. These shorts will keep you cool whether you're paddling the pond or pounding the pavement.

RIVER SHORTS

- Relaxed fit with 2-way stretch
- 6.5 inch inseam
- Lightweight and quick-drying
- Rear zippered pocket
- Shaped hem with side vent
- Built-in brief and mesh-lined pockets
- Adjustable quick release T-Lock belt

We know that people love how resilient our Work Pants are, so now we are offering the same great durability and quality in our Work Shorts. We've taken the same fit, and American-made 12oz duck canvas, and have created the perfect shorts for working or wandering around town in warmer weather.

WORK SHORTS

- Classic trim fit
- 8 inch inseam
- Heavy 12oz duck canvas
- Patched on pockets with double-front panels
- Triple-stitch seams
- Custom logo button fly shanks

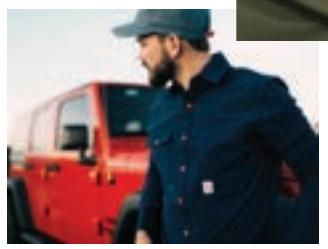

MEN'S OUTERWEAR

BREAKER SHIRT JACKET

- Tailored jacket fit
- Snap closure front, cuffs, chest pocket
- Large zippered chest pocket
- Side seam hand pockets
- 2-way stretch with DWR finish

Protective on the outside and soft on the inside, the Breaker Shirt Jacket is built with 2-way stretch nylon fabric for ease of movement and topped with a DWR finish to keep the elements at bay. It's the perfect layering piece you never thought you needed during unpredictable shoulder season weather.

Our Trucker is the classic transitional jean jacket that finishes off any outfit. Wear with a lightweight poplin or thick flannel in the spring or fall to get the extra protection mountain living requires. Contrasting double-needle stitching, custom logo copper shanks and copper rivets finish off the look.

TRUCKER JACKET

- Classic fit
- Heavy 12oz denim
- Chest flap pockets
- Side seam hand pockets
- Custom logo copper shanks
- Contrasting double-needle stitched seams

Our all-purpose, versatile Rain Coat works as well in the concrete jungle as it does in the rainforest. This heavy utility coat can be dressed up over a suit for those morning New York meetings, or can be paired with hiking boots and Tech Pants for those afternoon Seattle treks. Either way, with classic styling, 3-layer oxford construction and taped seams, the Rain Coat is sure to keep you dry like nothing else can.

RAIN COAT

- Classic fit and mid-thigh length
- Fully waterproof with taped seams
- Hook and loop adjustable cuffs
- 2-way zipper with ribbon pulls
- Zippered external/internal chest pockets
- Side seam snap closure hand pockets
- Back kick vent and hanging loop

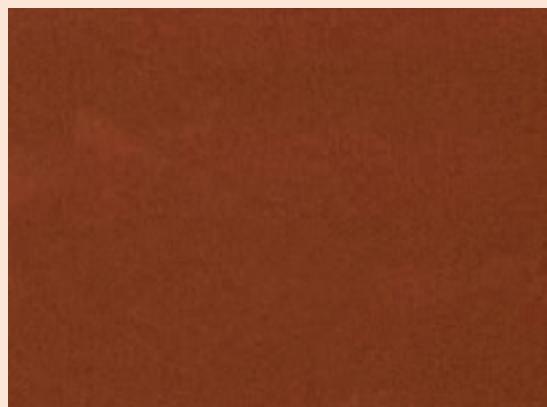

ULTRALIGHT JACKET

- Super lightweight, packable shell
- Unisex styling
- Weather-resistant
- Packs into an internal chest pocket
- Elastic binding at cuff, hem and hood
- Back hanging loop

SILVER

Just think of our Ultralight Jacket as travel insurance when you're out and about and want just a little safety from what mother nature might throw at you. Keeping you protected from both wind and rain on those trail runs, bike commutes and cab dashes.

Our do everything, anywhere shell. The Global Jacket can be layered up or paired down for any type of weather. Layer it with our Mountain Sweatshirt to hit the slopes. Wear it with a base-layer for a summit hike. Or simply throw in a pack for that extra protection.

GLOBAL JACKET

- Fully waterproof with taped seams
- Waterproof zippers
- 10k waterproof rating
- Oversized hand pockets also allow venting
- Packs into internal mesh pocket
- Structured visor hood with adjustment
- Hidden adjustable hem

FIELD TANK

- Straight fit
- Tunic length
- Front utility pockets with custom logo snaps
- Rear utility pockets
- Side vents

Our Field Tank came from admiring gardening aprons of the past. Utility pockets in the front and back make for easy storage, whether it's for garden tools or your wallet and accessories. The durable heavy-duty canvas makes this tank a perfect layering piece beyond just the warmer seasons.

**CLASSIC TANK**

- Straight fit
- Hip length
- 3/8 inch binding finished at neck and arm
- Scooped neckline
- Embroidered map patch

A light and easy piece, the Classic Tank is a layering staple that fits into any wardrobe. Inspired by women's climbing one-pieces, we've evolved that idea into a classic cotton tank top. The scoopneck front and back will help keep you cool, exactly what you want on a hot summer day.

MILITARY TANK

- Straight fit
- High hip length
- Straight hem with curved side seam
- 3/8 inch binding finish at neck and hem
- Internal hanging loop
- Embroidered map patch

Like the name says, the Military Tank takes inspiration from vintage menswear baselayers used by the military, but with a modern and feminine update. With a wider shoulder and boxer fit, it pairs perfectly with high-waisted pieces. The organic french terry fabric provides a structured shape.

**MOUNTAIN TANK**

- Slim fit
- Varsity patch detail at neck
- Dropped armholes
- Kicked back side seams
- Shaped hem
- Embroidered map patch

Built with our super-soft, heavyweight tee material, the Mountain Tank is made for day hikes around the lake, or layered under a flannel by the campfire at night.

NATURAL/BLACK

NAVY/ROYAL

CHORE PANTS

- Straight fit
 - Mid-rise waist with a slightly cropped length
 - White custom logo button fly shanks
 - Large front slash pockets
 - Back patch pockets
 - Back twill tool loop
 - Triple-stitched seams

Made with 9oz
duck canvas.

Our Chore Pants feature an ultra classic workwear-inspired silhouette. Built with a rugged, stain-resistant 9oz canvas, these straight fit pants come in a 7/8 length, with a back tool loop and custom white rivets and shanks. Perfect for working in the garden or afternoon errands at the hardware store.

BRC

NAVY

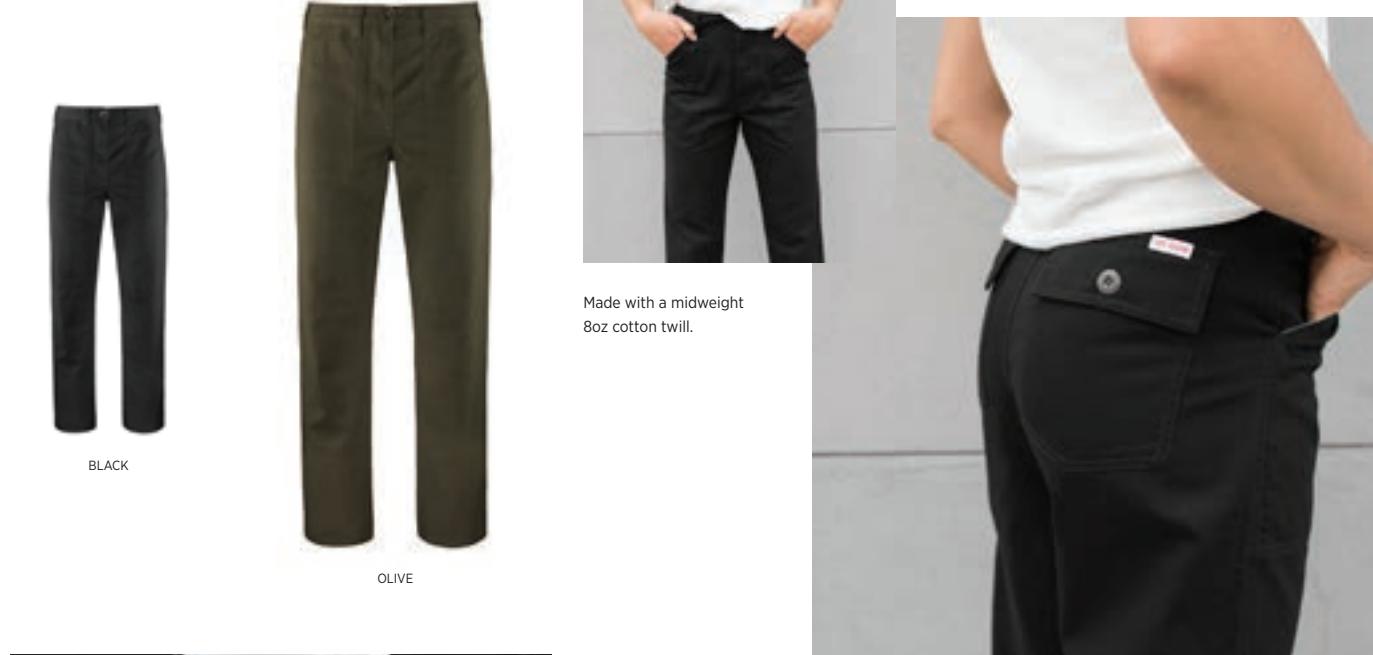

FIELD PANTS

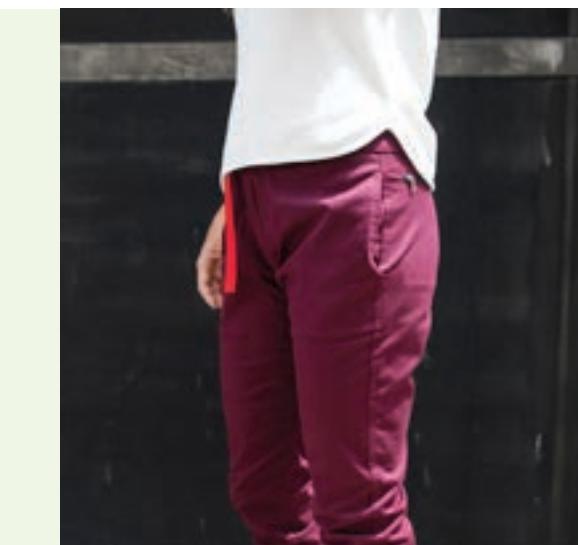

- Straight fit
 - High-rise waist
 - Front patch pockets
 - Rear flap pockets
 - Oversized BDU button

Our Field Pants combine an ultra-classic military silhouette with the durability of midweight twill. These relaxed fit pants offer a bit more room, allowing for performance in the rugged outdoors or styled out for a night on the town.

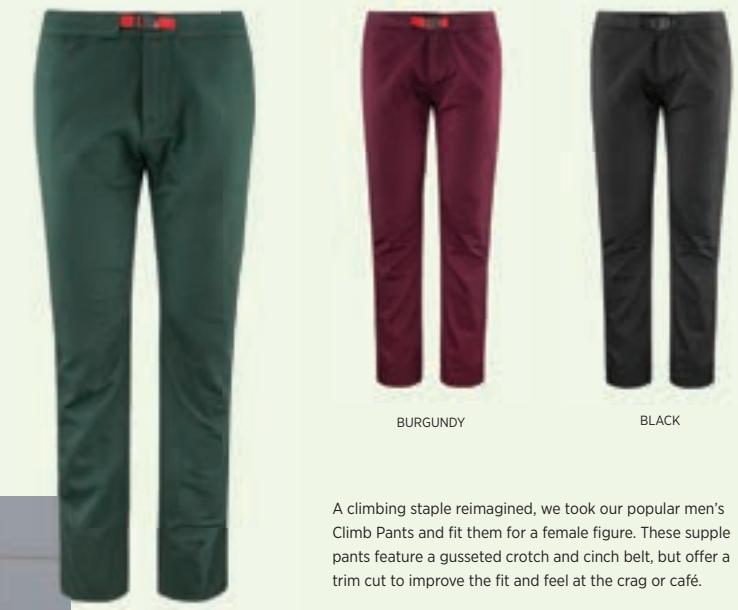

Made with a midweight
8oz cotton twill.

Made with 8.5oz 2-way
stretch chino twill

FOREST

A climbing staple reimagined, we took our popular men's Climb Pants and fit them for a female figure. These supple pants feature a gusseted crotch and cinch belt, but offer a trim cut to improve the fit and feel at the crag or café.

CLIMB PANTS

- Straight fit
 - Mid-rise waist
 - Adjustable quick release T-Lock belt
 - Side seam hand pockets
 - Gusseted crotch
 - Zippered back pocket
 - Custom logo span back pocket

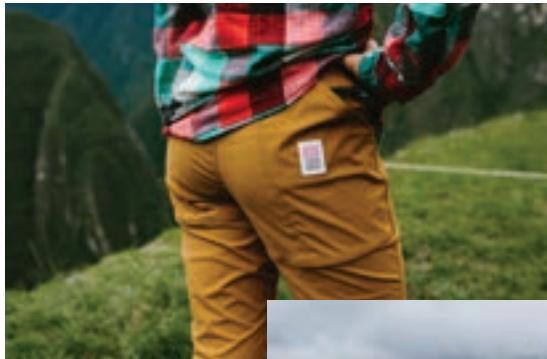

TECH PANTS

- Mid-rise tailored fit
- Lightweight fabric
- Gusseted crotch
- Articulated knee
- Patched on front pockets
- 2-way stretch with DWR finish
- Cinch cord locks at hem

Large rear pockets
with inner zip wallet
security pocket.

At Topo Designs, we're out and about every chance we get. So it only makes sense that we want a bag that is welcome on all our adventures. We want a bag that will work on a trip that lasts a couple days or a trip that lasts forever. Our Travel Bag is the antithesis of the usual brick on wheels; it's a run for the bus, jump on a plane, globe-trotting travel companion. We made it big enough to hold everything you need but still compact enough to pass as a carry-on.

Designed for flexibility, the Travel Bag works together with many of our other packs and bags as a modular carry system to streamline cumbersome travel.

All of our Travel Bags are handmade in Colorado.

OLIVE

Made with a 1000D Cordura® base and a 400D coated pack cloth upper and liner.

Our Trip Pack was born out of the desire to have the perfect sized bag for day trips while traveling, tucking necessities under the seat on a plane, or just carrying a few things around town. With all the functionality of our Daypack, the compact size keeps all essentials organized. We included an external zippered diagonal pocket for quick access to your phone, keys, or snacks.

All of our Trip Packs are handmade in Colorado.

Made with
1000D Cordura®.

Built upon the simplicity and security we want in our pocket. A tri-fold wallet, complete with cash and credit card slots helps organize items, while a snap closure ensures that everything stays inside.

All of our Snap Wallets are handmade in Colorado.

Our leather bi-fold wallet features 5 internal slip pockets. The refined Horween® Leather body is made from leftover scraps we use on our packs and bags. This low profile accessory is intentionally built for the stylish minimalist.

All of our Leather Wallets are handmade in Colorado.

Made with Horween®
Leather and paracord.**LEATHER WALLET**

- Bi-fold closure
- Paracord loop
- 5 internal card slots
- Salvaged Horween® Leather exterior

an aluminum carabiner,
and paracord.

The Topo Designs Dog Leash is our take on a canine classic. Made from heavy-duty nylon webbing we use on many of our packs and bags, featuring a double-loop handle for adjustability, and finished with a paracord loop (for keys, treats or waste bags) and a durable, lightweight aluminum carabiner clip.

All of our Dog Leashes are handmade in Colorado.

DOG LEASH

- Accessory paracord loop
- Lightweight aluminum carabiner
- Heavy-duty nylon webbing
- Topo Designs label

WEB BELT

Our Web Belt is easy enough for everyday wear but tough enough to outlast most of your wardrobe. The 1.5" belt is made from highly-durable nylon webbing with a solid aluminum buckle. The unique round buckle is engraved with "Topo Designs, Colorado USA." Available in several colors, in a universal length of 44" that can be cut to size. Made in the USA.

- Distinctive round shape
- Engraved logo

Made with machined aluminum and nylon webbing.
